PART IV

TAX LIABILITY AND LEVY

Tax Liability

5.(1) This Law applies to all interests in land, and every transferee is subject to tax at the time of application for registration of a conveyance in respect of an interest in land in accordance with this Law.

(2) Except where an exemption applies as provided in Part V, a tax

(a) is levied and imposed on an interest in land at the time of the application for registration of a conveyance relating to that interest in land; and

(b) shall be paid by the transferee in accordance with this Law.

(3) A person who is a transferee of a conveyance is liable for the tax even if

(a) that person is also liable to pay taxes imposed under other property taxation laws of Wasauksing; or

(b) the interest in land acquired by a co-transferee of the conveyance is exempt from tax under this Law.

(4) Where there is more than one (1) transferee in respect of a conveyance, each transferee is jointly and severally liable to Wasauksing for the tax imposed under this Law.

(5) Subsection (4) does not apply to a co-transferee of a conveyance who is exempt from tax under this Law.

(6) Taxes are due and payable under this Law notwithstanding any proceeding initiated or remedy sought by a taxpayer respecting those taxes, including without limitation respecting the assessment of taxes, the applicability of an exemption or refund, or the taxpayer's liability to taxation.

Tax Payment and Filing Return

6.(1) On application for registration of a conveyance in the registry, the transferee shall

(a) pay the tax computed at the rate set out in this Law; and

(b) file a completed Return in accordance with this Law, whether or not the conveyance is exempt from tax under this Law.

(2) The registry shall refuse to accept an application for registration of a conveyance if

- (a) the transferee does not pay the tax owing at the time of registration;
 - (b) the transferee does not file a completed Return; or
 - (c) the PTT administrator or the registry staff have reasonable grounds to believe that the Return is incomplete, or the transferee does not qualify for an exemption being claimed on the Return.
- (3) Payment of taxes shall be made by cheque, money order or electronic transfer.
- (4) Payments by cheque or money order shall be made payable to the Wasauksing First Nation, and payments by electronic transfer shall be made as directed by the PTT administrator.
- (5) Wasauksing shall issue a receipt to the taxpayer for taxes paid under this Law.

Payment of Estimated Tax

7.(1) Despite section 6, where the amount of tax owing on a conveyance cannot be determined on the registration date because an appraisal or other valuation information is required to determine the value of the consideration of the conveyance, the PTT administrator may, on the request of the transferee,

- (a) estimate the tax owing using the best information available to the PTT administrator on the registration date; and
 - (b) authorize the registry to accept the application for registration of the conveyance on payment by the transferee of the PTT administrator's estimate of the tax owing.
- (2) Where a transferee makes a payment of estimated tax owing under subsection (1), the PTT administrator shall, on receipt of the appraisal or other valuation information, determine the tax owing on the conveyance.

(3) Despite subsection (2), if the transferee was required to provide the appraisal or other valuation information and the transferee does not provide the information within the required time, the PTT administrator shall determine the tax owing on the conveyance on the registration date, based on the best information available to the PTT administrator at the time of the determination under this subsection.

(4) Where the PTT administrator makes a determination of tax owing under subsection (2) or (3), the PTT administrator shall deliver a Notice of Property Transfer Tax Assessment to the transferee and section 21 applies.

Tax Rate

8.(1) The tax levied under this Law shall be computed at the rate of

- (a) one half of one percent (0.5%) of the value of the consideration for the conveyance up to and including fifty-five thousand dollars (\$55,000);
 - (b) one percent (1%) of the value of the consideration for the conveyance that exceeds fifty-five thousand dollars (\$55,000) up to and including two hundred and fifty thousand dollars (\$250,000);
 - (c) one and one-half percent (1.5%) of the value of the consideration for the conveyance that exceeds two hundred and fifty thousand dollars (\$250,000) up to and including four hundred thousand dollars (\$400,000); and
 - (d) two percent (2%) of the value of the consideration for the conveyance that exceeds four hundred thousand dollars (\$400,000).
- (2) In addition to the rates set out in subsection (1), if the value of the consideration for the conveyance exceeds \$2,000,000 and the conveyance is a conveyance of an interest in land that contains at least one (1) and not more than two (2) single family residences, an additional tax shall be added at the rate of one-half of one percent (.5%) of the amount by which the value of the consideration exceeds \$2,000,000.

(3) If a transferee

(a) applies to register a conveyance, and

(b) within six (6) months after the application referred to in paragraph (a) applies to register one or more additional conveyances respecting the same interest in land,

the tax owing on the conveyance referred to in paragraph (b) shall be calculated based on the total value of the consideration of the conveyances referred to in paragraphs (a) and (b) as if all the conveyances referred to in paragraphs (a) and (b) were one conveyance.

(4) If

(a) a transferee applies to register a conveyance, and

(b) one or more members of the family apply, as transferees, at the same time as or within six (6) months after the application referred to in paragraph (a), to register one (1) or more conveyances respecting the same interest in land for which the transferor is not the person referred to in paragraph (a),

the tax owing shall be calculated based on the total value of consideration of the conveyances referred to in paragraphs (a) and (b) as if all those conveyances were a single conveyance, and the transferees referred to in paragraphs (a) and (b) are jointly and severally liable to pay the total tax owing.

(5) If

(a) a transferee that is a corporation (in this subsection and subsection (6) called the "corporate transferee") applies for registration of a conveyance, and

(b) one or more corporations associated with the corporate transferee apply, as transferees, at the same time as or within six (6) months after the application referred to in paragraph (a), for registration of one or more conveyances respecting the same interest in land for which the transferor is not the corporate transferee,

the tax owing on the conveyances shall be calculated based on the total value of the consideration of the conveyances referred to in paragraphs (a) and (b) as if all those conveyances were a single conveyance, and the transferees referred to in paragraphs (a) and (b) are jointly and severally liable to pay that total tax.

(6) For the purposes of subsection (5), a corporation is associated with a corporate transferee if the corporation and the corporate transferee are associated, within the meaning of section 256 of the *Income Tax Act*, on the registration date of the conveyance referred to in subsection (4).

Tax Return

9.(1) A Return shall be dated and certified by

(a) each transferee of the conveyance to which the Return relates, or an agent authorized in writing to make the Return on the transferee's behalf;

(c) the presiding officer authorized to act for a corporation that is a transferee, or the vice-president, secretary, director or treasurer authorized to act for such corporation; or

(d) either of two transferees who are spouses of each other and both of whom are transferees, where the transferee certifying the Return is acting on behalf of the other of such transferees.

(2) The Return shall state that the person making it has personal knowledge of the facts stated in it, and it shall also state, where applicable, the capacity in which the person certifying the Return has acted and the name of any transferee on whose behalf the person is certifying the Return.

Records to be Kept

10.(1) Every person required by this Law to deliver a Return shall keep at their place of residence in Ontario or at their principal place of business in Ontario such documents, records and accounts in such form and containing such information as will enable an accurate determination of the taxes payable under this Law.

(2) Records referenced under subsection (1) shall be kept for at least seven (7) years after the registration date of the conveyance to which they relate.

(2) Where the PTT administrator makes a determination under subsection (1), the PTT administrator shall give a Notice of Property Transfer Tax Assessment to the person stating the reasons the person was not entitled to the refund, or was entitled only to a refund in a lesser amount, and the amount of taxes payable, including interest and penalties where section 28 applies.

SCHEDULE I
FAIR MARKET VALUE DETERMINATION

Interpretation

1. In this Schedule,

(a) a reference to the “rent” does not include an amount that is separately calculated under a lease and is payable to a lessor in reimbursement for

(i) taxes, or

(ii) reasonable expenses relating to the operation of a multi-tenant premises of which the demised interest in land forms a part;

(b) “appraisal” means an appraisal conducted by an independent appraiser who is designated Accredited Appraiser Canadian Institute by the Appraisal Institute of Canada or designated, registered or licensed as a certified appraiser under the laws of the Province of Ontario, as applicable; and

(c) “assessed value” means the most recent assessed value of an interest in land determined in accordance with the *Wasauksing First Nation Property Assessment Law, 2018*.

Determination of Lease Term and Life Estate Term

2.(1) Subject to section 6, and subsections (2), (3) and (5), the term of a lease is the sum of

(a) the number of years for which a transferee has the right to occupy the demised interest in land; and

(b) the maximum number of years not counted under paragraph (a) that, by the exercise of rights or options to renew or extend the lease, the transferee may occupy the demised interest in land.

(2) Subject to subsection (3), the term of a lease is the unexpired portion of the term determined under subsection (1) on the registration date.

(3) If the lease is a time-share or fractional ownership plan, the term of the lease shall be determined by adding together the number of years during which the transferee may, for any part of a year, occupy the interest in land.

(4) Subject to subsection (5), the term of a life estate is the number of years of life expectancy based on Table 3 remaining to the holder of the life estate on the registration date of the life estate in the registry.

(5) Where the term of a lease or life estate would otherwise be expressed as a fraction of a year or as a number of years plus a fraction of a year, the term shall be rounded up to the next whole number.

Fair Market Value of Prepaid Leases

3.(1) The fair market value of a conveyance involving a prepaid lease is the amount of the purchase price paid by the transferee in money and any other consideration, where

(a) the rent under the lease is not subject to adjustment or renegotiation and has been paid for the term of the lease before the registration date or will be paid within one (1) year of that date; and

(b) the lessor and the transferee deal with each other at arm’s-length.

(2) If a lessor and a transferee are not at arm’s-length, the fair market value is the amount that would have been paid if the leasehold interest in land had been sold on the registration date in the open market by a willing seller to a willing purchaser free of any trust and unencumbered by a judgment for the

payment of money, or a mortgage, or any other financial instrument that secures the payment of money or the performance of an obligation.

Fair Market Value of Lease Having a Term Not Exceeding 30 Years

- 4.(1) The fair market value of a conveyance involving a lease
- (a) to which section 3 does not apply,
 - (b) the term of which does not exceed thirty (30) years, and
 - (c) where the lessor and the transferee deal with each other at arm's-length,

is, subject to an election under subsection (2), the amount determined in accordance with the following formula:

$$\text{LSC} + (\text{ARP} \times \text{PVF})$$

where

LSC = any lump sum consideration paid by the transferee for the grant or transfer of the lease, including for any improvements on the leasehold property;

ARP = the annual rent payment to be made during the last year for which rents are fixed pursuant to a lease; and

PVF = the present value factor set out in Column 2 of Table 2 that is opposite the number of years in Column 1 that corresponds to the term of the lease.

- (2) The transferee may elect to calculate the fair market value of the lease under section 5.

Fair Market Value of Other Leases

5.(1) Subject to subsection (2), the fair market value of a conveyance to which section 4 does not apply is the amount determined in accordance with the following formula:

$$\text{VSI} \times \text{P}$$

where

VSI = the fair market value of the fee simple interest, including improvements, in the demised interest in land; and

P = the percentage set out in Column 2 of Table 1 opposite the period in Column 1 that corresponds to the term of the lease.

(2) For the purposes of subsection (1) where part of the improvements on a parcel of land are leased, the fair market value of the demised interest in land is determined in accordance with the following formula:

$$\frac{\text{VSI} \times \text{P} \times \text{ARADP}}{\text{ARA}}$$

where

VSI = the fair market value of the fee simple interest, including improvements, within which the demised interest in land is situated;

P = the percentage set out in Column 2 of Table 1 opposite the period in Column 1 that corresponds to the term of the lease;

ARADP = the aggregate rentable area of the demised interest in land; and

ARA = the aggregate rentable area of the improvements on the land within which the demised interest in land is situated.

(3) The VSI in subsections (1) and (2) is the assessed value of the leasehold interest in land, if available.

(4) If an assessed value is not available, the PTT administrator may

(a) determine the VSI using the best available data, which may include assessed values or appraisal data of comparable properties; or

(b) require the transferee to provide an appraisal of the VSI at the transferee's cost.

(5) If the PTT administrator determines the VSI under paragraph (4)(a), the transferee may, within ten (10) days after the PTT administrator advised the transferee of the VSI, elect to provide an appraisal of the VSI to the PTT administrator at the transferee's cost and within an additional twenty-one (21) days or such additional time frame as agreed to by the PTT administrator.

(6) If the transferee provides an appraisal under subsection (5), the PTT administrator shall use the VSI determined by the appraisal for the purposes of this section.

Fair Market Value of a Lease Modification Agreement

6.(1) The term of the lease modification agreement for the purposes of this section is the sum of

(a) the term of the lease before extension by the lease modification agreement, calculated under subsection 2(1) without regard to subsection 2(2) from the date the lease agreement was first executed; and

(b) the number of years, applying subsection 2(5), by which the lease is extended by the lease modification agreement.

(2) For the purposes of paragraph (1)(b), options or rights to renew or extend the lease pursuant to the lease modification agreement are deemed exercised to give the maximum possible extension.

(3) Subject to subsection (5), where the term of the lease modification agreement is one hundred (100) years or less, its fair market value is the amount determined in accordance with the following formula:

$$LSC + (ARP \times PVF)$$

where

LSC = any lump sum consideration paid by the transferee for the lease modification, including for any improvements on the leasehold property;

ARP = the annual rent payment to be made during the last year for which rents are fixed pursuant to the lease as extended by the lease modification agreement; and

PVF = the present value factor set out in Column 2 of Table 2 that is opposite the number of years in Column 1 that corresponds to the number of years applicable under paragraph (1)(b).

(4) Where the term of the lease modification agreement exceeds one hundred years (100) years, section 5 applies for the purpose of calculating the fair market value of the lease modification agreement except that "P" equals the percentage in Column 2 of Table 1 that is opposite the period in Column 1 that corresponds to the number of years applicable under paragraph (1)(b).

(5) The transferee may elect to calculate the fair market value of the lease under section 5 as modified by subsection (4).

Fair Market Value of Life Estates

7. The fair market value of a life estate in a lease is the amount determined in accordance with the following formula:

$$VFS \times P$$

where

VFS = the fair market value of the leasehold interest in land determined

- (a) as though the life estate did not exist; and
- (b) under section 3, 4 or 5 as applicable.

P = the percentage in Column 2 of Table 1 that is opposite the period in Column 1 that corresponds to the term of the life estate.

Transfers That Are Not Arm's-Length

8. Where a transferor and a transferee do not deal with each other at arm's-length, the PTT administrator may

- (a) use the assessed value; or
- (b) require the transferee to provide with the Return, as applicable and at the transferee's cost, an appraisal of
 - (i) the valuation required under subsection 3(2),
 - (ii) the ARP under section 4 or section 6 that would be paid on the open market on the registration date by an arm's-length transferee, or
 - (iii) the VSI under section 5 that would be paid on the open market on the registration date by an arm's-length transferee.
