INTRODUCTION

The community members and its Chief and Council are committed to supporting all members on their education journeys! We are proud to see you here!

“We support our students in following an Anishinaabe Aadziwin learning path.”

The Kinoomaadziwin Education Body (KEB) is the central administrative structure for the Anishinabek Education System and distributes education funding provided by the federal government to the Participating First Nations (PFNs). The KEB takes direction from the PFNs to support the implementation of the Regional Education Councils (RECs) educational priorities, while working with the PFNs to establish system-wide education standards and manage education relationships with the Ontario Ministry of Education.

The Participating First Nations will work together through the KEB to identify and manage their educational priorities and the systems' governance.

The WPSSP is provided to eligible Post-Secondary candidates enrolled in eligible Post-Secondary institutions with set criteria of funding provided by the Government of Canada (accredited).

Although education is a right provided by treaty, there are limits to the amount of financial assistance received for Post-Secondary candidates. While the goal would be to provide FULL coverage of expenses for ALL Post-Secondary candidates, this is not always the case, and the allocation is dependent upon the year that a candidate applies.

This policy is intended to provide candidates with information about how the WPSSP is administered by the Wasauksing Education Department. If the candidate has question, the expectation is to contact your Education Counsellor at education@wasauksing.ca or (705) 746-2531 ext. 407.

Students may extend assistance for one extra academic year for medical or personal reasons with appropriate documentation.

Part-Time Students

There are no time frame expectations as only Tuition and Books are supported.

WHAT IS A CRITERIA SYSTEM?

The Criteria Ranking System is designed to provide fair and equitable access to the limited WPSSP allocation. Each application is weighted individually for eligibility and reviewed for assessment as a priority. All applications for education assistance are considered according to their priority. *ONLY IF THE DEMAND FROM ELIGIBLE STUDENTS EXCEEDS THE FUNDING AVAILABLE, Will PRIORITY SELECTION CRITERIA APPLY.*

Priority 1 Continuing Student – presently sponsored student attending college or university with acceptable progress and has been allowed to continue to the next semester of their program.

Secondary School Graduates – a student currently enrolled in a secondary school who is applying to a specific college or university program.

Mature Students – see definition in Glossary. Sponsored for the first time. (*GED 1-year certificate*).

Priority 2 Returning Students – a student who has previously received sponsorship in a different program than currently applying for (i.e., graduates, OSAP).

Part-Time Students – a student attending college or university who is enrolled in part-time studies.

Priority 3 Graduate Students – a student enrolling in a graduate program (i.e. Masters, Doctorate).

WHAT TYPE OF POST-SECONDARY ASSISTANCE IS AVAILABLE?

All sponsorship will be provided in Canadian funds only.

Full-Time Studies

Actual amount of funding will depend on the overall amount of funding in the program and the number of recipients selected.

Post-Secondary Education assistance for full-time students will include:

- Tuition and mandatory fees
- Books - \$510 per semester.
- Monthly Living Allowance (MLA) in the form of direct payment to student OR direct payment to school for residence.
- Travel Support, monthly (\$101, 8x's) and seasonally (\$130, 4x's)
- Application Fees – this is limited to a one-time reimbursement of the OCAS and OUAC fees. Receipts must be provided for reimbursement.

Pending availability of funding, support may also include:

- Program related material (uniforms, equipment etc.)
- Tutoring

Part-Time Studies

Post-Secondary Education assistance for part-time students will include:

- Tuition
- Books
- Travel Support, monthly (while in school)

Refer to the separate WPSSP – Student Success Handbook for further information regarding important dates and budget information.

FALL/WINTER, SPRING/SUMMER

Tuition Assistance

Full-time and part-time candidates are eligible for Tuition Assistance and mandatory student fee reimbursement.

Books

Support for books is paid at the beginning of each semester (**generally** 2 times per year, September, and January), \$510 each semester.

Monthly Living Allowance

A monthly living allowance is provided to full-time students and their listed dependents as defined by Revenue Canada.

Students will receive living allowance based on:

1. Marital Status
2. Dependant Child
3. Student Residence (on campus) **to a maximum of \$10K for the year.**

Additional documentation may be required to support the above.

The living allowance is to assist with living costs of accommodation, utilities, and food.

If you are approved for a Monthly Living Allowance (MLA), then the monthly allowance is automatically issued and deposited into the bank account you provide. Deposits of monthly living allowances will be issued on or around the 25th day of the previous month. E.g., August 25th for September's MLA

If the candidate selects to live in student residence at the Post-Secondary Institution, they must inform the Education Counsellor at the time of applying for sponsorship.

Student Residence (On-Campus Housing)

Students requesting to live in student residence are allocated the same funds as all students based on financial assistance rates. The budget would be the total for the year. ***(i.e., single student - \$1250/month which is \$10K for the school year).***

Research this option as it may come with a mandatory meal plan which could put you over the budget.

Any costs exceeding annual budget allocation becomes the responsibility of the student.

If there is a balance left after residence fees are paid, the remaining amount will be distributed over the months of the school year to the student.

Please note: Students are responsible for damage deposits. Residence deposits to hold your unit are eligible, however this will be factored into the student's overall budget.

Seasonal Travel Support

Approved full-time students are eligible for support four times a year. Travel to school at the beginning of term, travel home at Christmas, travel back to school after Christmas and travel back home at end of year (April). \$130 each time – total of \$520.

Application Fees

Candidates are required to pay the application fees for Ontario College Application Service (OCAS) and Ontario Universities' Application Centre (OUAC) when applying for Post-Secondary Institutions. WPSSP will cover the costs of all students post secondary application fees. See WPSSP Student Success Handbook for detailed amounts. Receipts will need to be provided.

LIMITS OF ASSISTANCE

In addition to maintaining eligibility for education assistance there are certain limits to assistance that you **MUST** be aware of and take into consideration when making decisions about your education plan.

Some of these limits to assistance have been mentioned in this policy. A summary of limits to assistance follows:

1. All funding will be in **Canadian Funds only**.
2. Monthly Living Allowance (MLA) is for full-time students only.
3. Part-time students are eligible for tuition, books, and monthly travel while in school.
4. WPSSP does NOT cover Medical/Dental insurance fees charged by the institution. Students must opt-out of coverage by contacting the registrar of their school.
5. Students wishing to study outside of Canada must be attending a public institution that is approved and accredited by Indigenous Services Canada. The link indicating approved foreign institutions is provided on page 7.
6. Students wishing to study outside of Canada must also provide evidence that the program in question is recognized in Canada as an acceptable program of studies.
7. Tuition sponsorship for students wishing to study outside of Canada as well as professional fees, licenses etc., will be based on the rate charged by the closest Canadian public institution to your place of residence in a comparable program.
8. Advances will not be given.
9. Reimbursements will be processed when proper documentation is submitted.
10. The fees for initial professional certification and examinations **will be paid once**. For example, Nursing Examination fees.
11. Extension fees will only be provided **once** by the WPSSP, unless adequate explanation for the need for one more extension is discussed with the Education Counsellor.
12. If you are considering a non-linear program change, you must wait a period of 2 years to reapply for sponsorship.

- 13.If you have previously completed a portion of post-Secondary studies without sponsorship assistance, then you may receive sponsorship for the remainder of the program.
- 14.If your funding is approved for part-time, you may switch from Part-Time to Full-Time, pending availability of funding.
- 15.Spring/Summer (M, J, J, A) Sponsorship. Students will only be sponsored during these months if continual study is REQUIRED as part of their core program calendar. Generally, only applies to Masters or PhD Level studies.
- 16.If students leave a program for any reason, they must notify WPSSP within 24 hours. Funding may be suspended.
- 17.WPSSP does not reimburse the Ontario Student Loan Program, the Canadian Student Loan Program or retroactive payments from a previous fiscal or academic year.
- 18.Repeat Classes will be the student's financial responsibility, unless the student has identified any challenges that may have contributed to being unsuccessful in consultation with the Education Counsellor. The student is provided with a limited coverage for up to two (2) courses, twice during the student's education pathway.

HOW TO APPLY FOR THE WPSSP

All eligible applicants must complete and submit the WPSSP Application for Students to the Education Counsellor by the assigned deadlines.

To complete the initial application, it is the applicant's responsibility to submit the following documents to the Education Counsellor either by a hard copy or electronically.

- Photocopy of VALID Status Card (front and back)
- Copy of Official Transcript: secondary, college or university
- Letter of Acceptance to the post secondary institution the student will be attending.

*Please note: Once a Tentative, Continuing or Successfully Sponsored Student letter is granted, there will be further documentation required. For a more detailed checklist of required documentation, based on criteria ranking, see WPSSP Student Success Handbook.

DEADLINE DATES:

- Spring/Summer – January 25th of each year – sponsorship decisions and student notifications are made by March 1st at the latest.
- Fall/Winter – March 1st each year – sponsorship decisions and student notifications are made by June 1st at the latest.

An application is required for each academic year of study. Students must alert the Education Counsellor of any continual study requirements by their school. A separate application must be submitted.

WHAT HAPPENS AFTER YOU APPLY?

Your Education Counsellor will acknowledge receipt of your application and inform you of any need for additional information or documentation. At the time, advice for additional/alternative funding opportunities may be given. E.g., Gezhtoojig.ca for programs not covered by WPSSP.

Once your entire application package has been received, WPSSP Selection Committee (CED, DOE and Education Counsellor) will review all applications for eligibility.

The Education Counsellor is responsible for ensuring that all policy requirements for sponsorship have been satisfied before recommending application for approval.

Provided that:

- a) You are eligible for sponsorship.
- b) The program that you wish to study is an eligible program.
- c) You have been admitted to your program of choice.
- d) You have demonstrated a commitment to your education plan.

Then the WPSSP Selection Committee can recommend your application within the assigned criteria.

All approvals are subject to availability of funds.

If your application is not approved, you will be notified in writing.

APPROVAL OF APPLICATIONS

You will receive an approval letter by email which will outline what your sponsorship will cover. Tuition and residence sponsorship letters (if applicable) will be sent directly to the Post-Secondary Institution that you will be attending. You will be copied on any correspondence to the school in reference to your education there.

The letters will instruct the Post-Secondary Institution to invoice the Education Counsellors office of Wasauksing First Nation directly.

If approval of the application is completed before the tuition deadline deposit date, the tuition sponsorship letter may waive the tuition deposit. Students who are not approved by the tuition deposit deadline, should be prepared to pay for this fee themselves. Upon approval, the student will be reimbursed for the tuition deposit.

You will be required to sign a WPSSP Student Responsibility Contract by the 15th of the month before beginning the school year, if starting in September.

SUMMARY OF HOW TO MAINTAIN ELIGIBILITY

Once you have been approved for sponsorship you must maintain your eligibility for continued sponsorship support.

It is mandatory for newly sponsored students to make at least one contact per month as defined by the Education Counsellor. If you have any questions, please call him or her.

Full-Time Students

If you have been approved for a Monthly Living Allowance, then you must maintain your Full-Time eligibility as defined by the Post-Secondary Institution you are attending.

Acceptable Academic Performance

Full-Time and Part-time students must maintain an acceptable level of academic performance as defined by the Post-Secondary Institution.

If the Post-Secondary Institution that you are attending determines that you do not meet the academic requirements necessary to continue in your program of study, then sponsorship will be suspended.

We understand that life may present some challenges, as a result a student may not be successful in achieving a passing grade in a mandatory course. The WPSSP will support the student by offering support. This will include the cost of up to two (2) repeat courses, twice during the student's education pathway. The student is responsible for identifying any such challenges to their Education Counsellor.

It is the responsibility for students to make program and course selection carefully, to be successful in all courses, **and to know the refund schedule of the Post-Secondary Institution** so that if there is a need to withdraw from a course, it can be done as soon as possible. Late withdrawals may affect a student's standing with the WPSSP and affect future applications.

For you to maintain eligibility, you are responsible for maintaining academic standards. If your Post-Secondary Institution determines that you do not meet academic requirements to continue in your program of study, then sponsorship will be discontinued. It is the student's responsibility to discuss options for regaining eligibility with their Education Counsellor.

Transcript Timeline

An unofficial transcript is required for each academic semester. The deadline for transcripts is:

- January 15th for Fall Semester
- May 15th for Winter Semester
- September 15th for Spring/Summer Semester

If a transcript is not available, a letter is required from your faculty (Department Chair or Head) indicating that:

- a) A transcript is not available.

b) That you have successful academic performance

If a transcript is not provided this may result in delay or suspension of sponsorship.

Student Accountability

All students are required to communicate with the Education Counsellor on a regular basis and to provide requested documentation on a timely basis as defined by the Education Counsellor and this policy.

If a student is unable to provide the necessary documentation required by the assigned dates, payments will not be issued or may be suspended until all documentation is submitted.

Suspension of Funds

Grades reflecting unsatisfactory performance may result in a hold of funding for that current academic year. If a candidate's performance does not improve, upon advisement, funding eligibility may be suspended for the current academic year.

Funding will be suspended if the candidate contravenes the Student Code of Conduct at any Post-Secondary Institution. These extreme cases include bullying, harassment, physical threats, academic dishonesty, or plagiarism.

At the end of each term, it is the responsibility of the student to maintain eligibility to continue the program of studies or financial assistance will be suspended. If funds are suspended it is the sponsored student's responsibility to officially withdraw from the Post-Secondary Institution. Please contact your Education Counsellor to support you in this process with the school.

REGAINING ELIGIBILITY

There are opportunities to regain eligibility if you have an overpayment or have had your assistance suspended due to withdrawal or unsatisfactory academic performance. Please contact your Education Counsellor to support you in this process with the school.

Academic Performance:

If your sponsorship was suspended due to academic performance, to regain eligibility, the student must have passed all failed courses successfully and is now ready to continue in the program.

Withdrawal:

If returning to a program after withdrawal, pending no issues with academic performance, the student will be required to submit a letter from the Registrar, stating that they have been allowed to continue in the program.

If returning to a new program after withdrawal from another program, the student must wait a period of two years after withdrawal of the program in question, before reapplying for sponsorship. The student will also be expected to submit the same documents as a new student due to the change in educational goals. Please see “Required Documents” in the WPSSP Student Success Handbook for the documents required for “New/returning Students”.

Overpayments

An overpayment is any sponsorship payment or expenditure received or accepted for which you were not eligible. ***An overpayment must be reimbursed to the WPSSP before a student is eligible for any further funding or has a plan in place with the WPSSP to address the overpayment.***

The following summarizes how an overpayment may occur:

Education Allowance:

If you fail to maintain your Full-Time education status as defined by the Post-Secondary Institution and yet continue to accept monthly allowance payments for which you are no longer eligible, then any sponsorship \$'s issued to you during this period of ineligibility becomes an overpayment. E.g., you get your monthly deposit on November 25th for December, yet you withdraw or quit school at the beginning of December. That December MLA is an overpayment and is owed back to your First Nation.

Tuition:

If funds are suspended, it is the candidate's responsibility to officially withdraw from the Post-Secondary Institution. If the candidate fails to withdraw, the candidate is responsible for payment of the tuition to the Post-Secondary Institution. Not returning to school is not officially withdrawing. The school has no idea what your status is until you officially withdraw.

It is the WPSSP position that “life happens” and that there is generally a reason for everything that takes place in the life of a student. Overpayments will always be expected to be paid back to your First Nation. Work with your Education Counsellor to make payment arrangements that work with your circumstances. The student must provide a written letter of request outlining the proposed payment arrangement including any other documentation that may be required to support the student’s individual situation.
